

## About SigEp

Sigma Phi Epsilon (SPE or SigEp), established in 1901 in Richmond, Virginia, is one of the nation's largest fraternities, with nearly 15,000 undergraduates on more than 215 campuses across the United States.

Its mission is building balanced men, which is achieved via a continuous member development program that has contributed to a fraternity-wide GPA of over 3.20, a focus on the principles of Sound Mind and Sound Body, and service learning efforts that allow members to develop leadership skills while giving back to the community.

Sigma Phi Epsilon revolutionized the fraternity movement in 1991 by unveiling the Balanced Man Program (BMP): single-tiered membership that replaced "pledging" with a continuous development program that begins the day a brother joins.

SigEp believes the stereotypical fraternity experience does not fulfill the needs of today's college male. The BMP offers an experience that is focused on scholarship, leadership, professional development and life skills. Members learn to live their best lives through unique, rewarding programming tailored to fit their needs, that will prepare them for the journey of life ahead.

## What is the Balanced Man Scholarship?

The Balanced Man Scholarships award students who:

Ancient Greeks believed in developing a Sound Mind and a Sound Body as the way to live a balanced life.
