EDISON MIDDLE SCHOOL PARENTS CLUB

"Connecting parents and teachers for the benefit of our students."

REASONS TO JOIN PARENTS' CLUB

5. You can help plan, create, and experience fun events for our students.

We are currently brainstorming ideas for new, special events our students will enjoy. The success of the Step-It-Up Fundraisers has brought new opportunities to Parents' Club. Please attend our next meeting and share your ideas!

4. We pledge to value your time.

Becoming a member of Parents' Club does not have a time commitment. We strive to keep our meetings under an hour. You can select the volunteer opportunities that best suit your skills and time availability. Serving an hour or two per semester can make a huge difference for our students.

3. You will form great connections.

At Parents' Club meetings you will learn more about all the wonderful activities and plans that are happening in our school and district. Additionally, you will get to connect and have fun with other parents who share the same vision for education.

2. The work is rewarding.

Supporting our excellent teachers and staff and creating memorable opportunities for our students is an enjoyable experience. We are thankful for the chance to contribute to the positive atmosphere at Edison Middle School!

1. Your child will benefit.

Research shows that students with parents who are involved in the school have better grades and fewer behavioral issues. Additionally, you will be a role model to your child, and he or she will be proud of you!
